Children Wellbeing and Safeguarding Initiative

at Schools

Supported by

CWSAS

Enhancing Physical and Mental Wellbeing in School Communities

Empower your school with the most comprehensive children's wellbeing program. This initiative is developed to fortify a resilient environment that sets benchmark for children wellbeing at schools. The program is designed to equip school staff, teachers, and students with essential skills and knowledge in mental health, paediatric first aid, and basic life support, laying the foundation for sustainable child wellbeing and development.

The program is supported by a coalesce of specialist educationist, child psychiatrists and paramedics and is subsidised by organisations dedicated to the child welfare. Designed to enhance student wellbeing, the program brings together expertise from the UK, Ireland, Canada, Australia, the UAE, India, and Belgium. We invite you to join the initiative to strengthen student wellbeing standards at schools.

Program Package

The program includes the following.
